SUMMER READING

Girls Entering **Grade** 3

Hathaway Brown Primary School
Grade 3 Summer Reading List

REQUIRED*:* You are required to read ***Moon Runner*** by Carolyn Marsden. You can read it yourself or have an adult read it out loud to you. You were given the book during your last library class in May, or it has been mailed to you if you are a new student. Be sure to take good care of the book and to bring it back to school with you in August.

RECOMMENDED: Read to yourself or have someone read out loud to you EVERY DAY for at least thirty minutes. This Reading List is just to help you get started. You can actually read anything you like. You'll find many more fine books at your public library and at bookstores. You should read at least six books during the summer, but we would love for you to read MORE than six books!

MAKE A LIST: In your Hathaway Brown Reading Journal, make a list of all the books that you read yourself and all the books that are read aloud to you. Be sure to start a new page in your journal, and label it "Summer 2014." Bring your Hathaway Brown Reading Journal with you on the first day of school and give it to your new teacher. You should still have your Reading Journal from last year. If you have lost it, you will need to purchase a new one in the Prime Library. If you are a new student, your Reading Journal has been mailed to you. Be sure to keep your journal in a safe place and to take good care of it. You will need it every year in the Primary School.

JOIN: All public libraries have Summer Reading Clubs during the summer. Please join the Summer Reading Club at your local public library. It will be fun!

Suggested Reading

Don't forget to use the "Five Finger Test" as you select what to read so that you can find "just right" books for you. Choose any page in a book and start to read. Each time that you come to a word that you don't know how to read, raise one finger. Four or five fingers: the book is too hard for you. Three fingers: it will be a challenge. One or two fingers: this book is a pretty good fit.
