

FINANCIAL AID: Our Targeted Commitment

I ‘pay it forward’
by supporting Hathaway Brown.

Financial aid creates life-changing opportunities and helps to build a vibrant community where students learn among friends of varying backgrounds and perspectives. That kind of understanding prepares HB girls to make positive changes in today’s world and in the future.

MARKITA COOPER '75

An HB education changes the trajectory for girls across Northeast Ohio. Bright young women aim to reach their full potential as thinkers, leaders, and achievers, and what they can do is limited only by their own imaginations.

HB’s commitment to financial aid strengthens our ability to continually welcome remarkable students, regardless of their economic background.

Hundreds of HB students have benefited from financial assistance, and each scholarship recipient understands the school’s firm commitment to serving students regardless of financial circumstances.

Today, HB distributes more than \$5.3 million per year to girls whose families have demonstrated financial need. Financial aid accounts for 25% of HB’s operating budget, with approximately 43% of HB students receiving some level of assistance.

As the need for financial aid increases, along with the rising cost of an independent school education, we hope that you will partner with HB in this crucial investment to provide educational access to talented girls. Please join us in our commitment to helping girls in Northeast Ohio learn for life. **The charge is part of our history, firmly rooted in our mission, and is our direction for the future.**
