TECHNOLOGY RESPONSIBLE USE POLICY

The Hathaway Brown School Network is intended to enhance the educational resources of the School. The goal is to facilitate access to resources, improve communication, and encourage innovation. School-issued or personal devices are tools which provide ubiquitous access (wired and wireless) to an array of programs and tools. Use of technology at school is a privilege and its benefits are highly dependent on an atmosphere of mutual respect and trust as you explore the digital world.

It is the expectation of the School that users will behave in a lawful, ethical and respectful manner. There is no expectation of privacy when using the School’s network. If a violation of this policy is suspected, private files or correspondence may be investigated, and social media sites may be monitored. It is important to recognize that behavior both on and off campus reflects on the reputation of the School. Failure to act responsibly may result in disciplinary consequences such as loss of Network and Internet access. Hathaway Brown School will cooperate with any law enforcement agency in the event of suspected illegal or inappropriate activities.

Hathaway Brown School recognizes the value and potential of personal publishing in media and on the Internet; however, discretion should be exercised in any posting or publishing in media or on the Internet regardless of the computer or network that is being used. It is an expectation that a member of the Hathaway Brown School community will not use the School name, its nickname, or symbol in any media content that is in conflict with the School’s policies and standards for responsible behavior. This includes but is not limited to drug and alcohol references, prejudiced or discriminatory speech, reference to illegal behavior, obscene pictures or language, assuming another person’s identity, or language that libels, bullies or harasses another individual or group. Postings on the Internet are public and permanent, so at no time are users to provide identifying or incriminating information that could put the School community at risk.

As a HBS Volunteer/Parent, I Agree To:

● Be solely responsible for the use of my own account both on and off campus.
● Maintain the privacy of self and others.
● Always treat others with respect.
● Represent the School in a positive light.
● Adhere to copyright laws, licensing agreements and terms and conditions of use.
● Be aware that technology is a shared resource and conserve the limited shared resources of the Hathaway Brown Network and technology equipment (for example, by not streaming music or videos unrelated to school assignments).
● Report misuse of the technology of others and the Hathaway Brown Network and technology equipment.
As a HBS Volunteer/Parent, I Agree NOT To:

- Share personal passwords or other private information about my account.
- Use another person’s account, files, or passwords with or without their permission.
- Share personal or identifying information about any member of the School community.
- Use inflammatory, derogatory, threatening, obscene, or pornographic language or pictures.

**PRIVACY POLICY**

I have read this Technology Responsible Use (together with the School’s Privacy Policy [http://www.hb.edu/privacy](http://www.hb.edu/privacy)). I grant permission for the School to collect, use and disclose personally identifiable information about users, in accordance with the School’s Privacy Policy, as a result of my access to and use of the Network and Internet. I also understand that it is impossible for Hathaway Brown School to restrict access to all controversial materials and will not hold the School responsible for materials acquired on the Internet. I understand that I will face disciplinary action if I violates the Hathaway Brown School Technology Responsible Use Policy, whether that misuse occurs on campus, or off, on School computers, or on technology that is privately owned.
