

# This collection of talent would score on any floor

It's time to take a shot at saluting the outstanding scholastic basketball played in the Sun News coverage area.

This is a place where we hope to score a nod toward student-athletes who have fired thousands of free-throw attempts, perfected defensive schemes and pounded the boards long into the night during the long winter season in quest of many victories on the hardwood.

Savor our chainwide squad below, then look to the right for the All-Sun roster closer to your home — and your heart.

The Sun News staff is doing its best to recognize the outstanding players who are closest to your home in the regional listing below. Be sure to check your local Sun News edition next week to learn our sports staff's choices in wrestling, swimming, hockey and gymnastics.

## ALL-SUN EAST
