### **HBTI PRIME**

#### **Grades 1-3**

HBTI Prime sessions (one through three) are for students in grades 1–3 and provide a creative and enriching experience in drama, music, dance, and fine arts. Students will have the opportunity to explore the

performing arts with fun and age-appropriate activities.

### **INTERMEDIATE PERFORMING ARTS TRAINING**

#### **Grades 4-6**

Students in grades 4-6 will participate in this *new* transitional program between PRIME and Performing Arts Training. Students are taught acting through a theme-based curriculum focusing on a single play as the base material. In addition, students begin their technical training in dance, voice, stage combat, and storytelling.

### **PERFORMING ARTS TRAINING**

#### **Grades 7-college**

Each student will pick a focus - Acting, Dance, Musical Theatre, or Advanced Acting Workshops. There are six total hours of class per day, and 30 minutes for lunch. Each focus has required classes. Students will be assigned to appropriate classes based on age and experience.

#### **ACTING FOCUS**

The goal of the acting program is to learn to “live truthfully within imaginary circumstances.” HBTI has a multi-level approach to acting training with emphasis on imagination, action, and characterization. Each level offers new techniques that help students rediscover their imagination, open their senses and develop their physical instruments.

#### **DANCE FOCUS**

The goal of the Dance Focus is to develop a broad movement repertoire. Students will be able to physically and intellectually demonstrate their mastery of dance technique, movement vocabulary and dance terminology.

#### **MUSICAL THEATRE FOCUS**

The Musical Theatre Focus is designed to develop students in three artistic disciplines - acting, dance and voice - the “triple threat

performer.” Students will learn the same principles as described in the “acting” and “dance” focus with the addition of training in music and voice. Students will be placed in a series of courses in all three disciplines to move their skills forward and help them grow artistically.

**ADVANCED ACTING WORKSHOP:  
ACTING THROUGH MUSICAL  
THEATRE PRODUCTION**

**Grade 9-college, Session One Only**

Created for individuals with strong singing and movement abilities, this workshop will take the student directly into the rehearsals of a musical production by fully integrating performance techniques into an in-house production to be performed for HBTI students at the end of three weeks. Enrollment is limited; interested students will need to audition and spots for the workshop will be filled on a first come- first served basis. Previous HBTI training is required.

**HBTI SUMMER 2018  
PRODUCTIONS**

These productions are intended as a “lab experience” to complement daytime training. Campers train with some of the best instructors in town and apply what they learn in full-scale productions presented at Hathaway Brown School.
